

Mayor of the Day  
Mayor for the Day  
By: Grace Kayler

I, Grace Kayler, love the wonderful town of Belville, and would love for more people to move here and enjoy it as much as I do. The three entities that would attract more residents to Belville are the following: a recreational center, a few more restaurants and a new and improved shopping center.

To start with, I would love for Belville to have a recreational center. The recreational center should include soccer fields, baseball and softball fields, tennis courts, a volleyball court, and a trail. The community would be sure to have lots of fun at a new recreational center, because the community would be able to come together in their own sport league. The recreational center would also include its own public pool because not everyone in Belville has access to a pool. I know the beach is nearby but it is difficult to get to and parking is expensive. A public pool would be easier to access and keep people from leaving the community.

Secondly, there also needs to be a few restaurants added to Belville, to attract more residents. First of all, I highly recommend Krispy Kreme to be added into the town of Belville. Krispy Kreme should be added to Belville because the restaurant has excellent doughnuts and coffee, the residents that live here now wouldn't have to go to Wilmington, and people could see what we have to offer, for instance, if a person that lives in Wilmington lives in Wilmington since there are more businesses down there, but works in Belville, they could grab a doughnut at our own Krispy Kreme before they go to work, therefore, attracting more people.

Even yummier, a Chick-Fil-A in Belville would be wonderful! Why should there be a Chick- Fil-A in Belville you ask? Well, it is a great family restaurant, has healthier choices than most fast food restaurants, has a kid's night, and would therefore bring the community together.

Lastly, a new and improved shopping center would be great! Target would be a great addition to Belville. Target has a better selection on products than Wal-Mart and is better maintained. Many families prefer Target over Wal-mart. Target would not only bring more people to this community to shop but also add great employment opportunities.

I firmly believe that adding a recreational center, a few more restaurants and a Target shopping center would improve the already wonderful Belville. These businesses would cause more people to want to live here and bring more employment to the area. I hope that you agree with me and would love the opportunity for me to meet with you and discuss these ideas in more detail. Belville is a great community and can grow to be even better.
