

# Brunswick County

## Public Notice

### Multi-Jurisdictional Hazard Mitigation Plan

Notice is hereby given of public hearings for Brunswick County's Multi-Jurisdictional Hazard Mitigation Plan that includes the participating municipalities of Belville and Northwest. The public hearing at each respective jurisdiction is required prior to adoption of the Multi-Jurisdictional Hazard Mitigation Plan.

In an effort to reduce losses from natural disasters, the U.S. Congress in 2000 passed legislation that emphasized the need for state and local governments to evaluate and plan for natural hazards as a condition of receiving federal disaster assistance. The Brunswick County Multi-Jurisdictional Hazard Mitigation Plan has been prepared in coordination with the Federal Emergency Management Agency (FEMA) and the North Carolina Division of Emergency Management (NCEM) to ensure that the Multi-Jurisdictional Hazard Mitigation Plan meets all applicable federal and state requirements.

A copy of the Plan may be viewed on the Planning and Community Development Department webpage at [www.brunswickcountync.gov](http://www.brunswickcountync.gov). You are welcome to attend one of the listed public hearings as we welcome citizen input.
