TOWN OF BELVILLE LIFTS STATE OF EMERGENCY

TOWN OF BELVILLE – Following the departure of Hurricane Arthur from our area, at 10:00am this morning Mayor Mike Allen and the Belville Board of Commissioners lifted the town's state of emergency.

The town staff performed an assessment and determined that the town sustained no significant damage. The Brunswick Riverwalk at Belville opened at 8am this morning. Town Hall will remain closed through the holiday and will reopen at 8am on Monday, July 7th.

Thank you for your patience during this storm event. Mayor Allen and the Board of Commissioners wish you a safe and happy Independence Day.
