

Post-Storm Debris Removal Announcement

The town's debris removal contractor will begin collecting vegetative debris generated by Hurricane Matthew on Wednesday, October 26, 2016. The contractor is tasked with the collection of vegetative debris only from non-Federal Highway Administration public rights-of-way and public property within the incorporated limits of the Town of Belville.

Property owners are responsible for bringing all storm generated debris to the public rights-of-way. The contractor will not remove debris from private property or private roads. The contractor has been instructed to complete the removal in one pass, therefore all material must be brought out to the public rights-of-way by the end of the day on Tuesday, October 25, 2016. Please do not pile material next to cars, in ditches, around mail boxes, or near telephone poles.

For more information, please contact Town Hall at (910)371-2456.
